

EASY TIME & ATTENDANCE
VIGILANT
FOR FIELD OPERATIVES

EASY READER

EASY READER

Specially designed to keep track of the presences and rounds made by operations in security companies, without the need to use a mobile phone. Lightweight, robust and waterproof equipment.

Built-in GPRS card. Sending the information in real time to the web platform.

Cost reduction due to the elimination of the use of paper (paperless). Company, Ecofriendly.

Savings in administrative time
Efficient working time management
Impact on the income statement
due to savings in inefficient hours

EASY READER

ADVANTAGES

- Easy Hiring
- Plug and play commissioning
- It is very easy to use

It's as simple as bringing the Easy Reader close to the NFC tag placed in the center of the work to clock in

Connectivity is integrated into the EASY READER

A beep and vibration from the device tells the worker that their clocking in is correct and the log has been sent to the cloud app

Both the data service and the server and application usage are unified into a single monthly system usage fee

FEATURE HIGHLIGHTS

Elimination of Work Reports

Total hours spent commuting

NFC Time & Attendance

FEATURES

Small, credit-card-sized, but thicker and more robust equipment that withstands bumps and drops into water

It has no keys or display, just three indicator lights on its housing

Long-lasting rechargeable battery (charges with an Android-compatible charger)

You avoid paying for benefits you don't need and use the right tool for each type of job

Robust and watertight design

No software installation is required to use
